Description:

RFP 0143/2009 for the supply of Rectifier Equipment.

Critical Criteria

The following Critical Criteria will be used to evaluate the proposals:

Commercial

Telkom requires that all bidders must have a minimum of **25.1% Effective Black Shareholding/equity ownership**. The Proposer must complete the BEE questionnaire in the RFP document and provide all the required documentation. Companies with complex shareholding structures should provide a detailed shareholding structure highlighting the effective shareholding of the Blacks in all the different entities where they have indicated black shareholding in section 1 of the questionnaire. Failure to complete the BEE questionnaire and to provide all documents as requested in this paragraph will be taken as non compliance to this critical criterion.

Technical

The Proposer shall have a Northbound interface that will send alarm and performance data northbound to Netcool. The SNMP traps or northbound interface shall be able to send multiple IP address (at least two) and it shall be possible to change the IP and allocate port number as per Element Management requirements as specified in SP2334 and SP2340.

Failure to comply to the above critical criteria will result into elimination of the Proposer from the RFP process.

The Request for Proposal document can be collected from the Telkom Tender Office at the following address:
