Cost R50.00

SCOPE:

This Request for Proposal is for the supply, installation and maintenance of horizontal axis wind turbine generators up to 3KW. The requirement will be non-committal for off-the-grid areas (mostly rural) countrywide. The horizontal axis wind turbine generator converts kinetic wind energy into DC electrical energy.

CRITICAL CRITERIA :

The following critical criteria will be used to evaluate. Failure to comply with this criteria will result in automatic disqualification:

Black Economic Empowerment:

The Bidder/s must have a minimum of 25,1% or more effective black shareholding / equity ownership in the company responding to this RFP.

Note: Telkom applies the Flow-Through Principle AND NOT Modified Flow Through Principle.

The following documentary proof is required to substantiate compliance to the critical criteria:

- All registration documentation, as per the BEE questionnaire in the RFP document e.g.
 - o certified copy of the latest valid shareholders certificate
 - o certified copy of Shareholders agreement and other legally certified docs
 - o ID documents

Note: The Bidder must complete the BEE Questionnaire in the RFP document and provide all the documents as stated above

Telkom Tenders

Technical:

The Bidder/s must supply, install and maintain horizontal axis wind turbines up to 3KW.

The Bidder/s must supply horizontal axis wind turbines with a cut-in wind speed of 4 meters per second, or less.
