#### **Description:**

Open RFP for the provision of a Reverse Proxy Solution to Telkom SA SOC Limited.

#### **1. Critical Criteria**

Potential Proposers have to comply with the following critical criteria. Non-compliance to any one of these criteria or no supporting documentation supplied as requested will invalidate a Proposal.

##### **1.1 SARS TAX CERTIFICATE**

The Proposer shall provide a valid SARS certificate at closing date of bid.

##### **1.2 TECHNICAL**

The following requirements are considered critical criteria as stipulated in Specification SP-2494:

- a. The RP solution shall provide a layer of abstraction where all inbound and outbound traffic terminates at the RP.
- b. The RP solution shall provide health monitoring capabilities such that the status or health of the service or application is known at all times
- c. The RP solution shall provide the capability of supporting non-standard protocols e.g. proprietary protocols, whereby the RP can be customized by end users to provide the necessary support.

The Proposer shall provide the Product Specifications/ Operating Manuals and each critical criterion shall be cross referenced to the specific section in the Product Specifications/ Operating Manual that evidences the relevant critical criteria.

##### **1.3 BEE**

At the Closing Date/ Response Due Date of the Proposal the proposer must have a valid B-BBEE Recognition Certificate evidencing a minimum Level 4 (four) or better BEE status issued by an approved IRBA registered auditor or a SANAS accredited verification agency. A valid IRBA or SANAS accredited certificate must be attached to the Proposal response.
