

SmartAccess Call Detail Report

Call Detail report for 0860 XXXXXX
Customer name: ABC Cars
Calendar Month: June 2004

Report Description

The SmartAccess Call Detail report contains call details of the successful ShareCall 0860 (0-50km calls) and MaxiCall 0861 phone calls you have received. Since you are not being charged for these calls they do not appear on your SmartAccess invoice but on the invoice of the caller.

The Call Detail report on ShareCall 0860 only reflects the calls received within the 0-50km distance band. Calls received beyond this distance band will be reflected on your ShareCall 0860 invoice.

The Call Detail report on MaxiCall 0861 reflects all the calls that you have received on your MaxiCall 0861 number.

Definitions for the terminology used in the Call Detail report are included for ease of interpretation.

SmartAccess	Consist of FreeCall 080, ShareCall0860 and MaxiCall 0861
ShareCall 0860	The caller pays for the local portion of the ShareCall 0860 call, irrespective of the distance of the call. For calls made beyond the local call radius of 50km, the caller still pays the local rate, whilst the called party is liable for the ShareCall 0860 long distance rate less the minimum call charge, to a minimum of 0 cents per call.
MaxiCall 0861	The caller is liable for the full cost of the call and all calls to MaxiCall 0861 are charged at a flat rate.
Destination number	Terminating number/ Number where SmartAccess calls are answered.
Date of the call	The date on which the call was made
Time of the call	The time when call was made
Duration of the call	Duration of the call from when answered until termination thereof
Originating area	The dial and exchange code from where the call was made. Due to legislation the full number may not be displayed.
Total number of calls	Total number of answered calls per service and per destination
